summary.

PROFILE

Co-founder and CMO of AarohCare, a healthcare booking platform. Former project coordinator at Talrop, where I ran five SaaS and ERP builds from requirements to release. Looking for Product Manager, Business Analyst and AI Product Manager roles.

experience.

WORK

2026 – PRESENT
KOZHIKODE

Co-founder & CMO

AarohCare (Aarohacare Technologies Pvt Ltd)

- Co-founded a healthcare booking platform for OP appointments at clinics, hospitals and labs.
- Defined the patient app, the clinic admin website and the platform superadmin panel.
- Coordinated the build on React, React Native, Node.js and TypeScript, MongoDB and AWS S3.
- Manage developer, QA and design interns, and lead marketing: pitch deck, website and launch content.

MAY 2025 – 2026
KOZHIKODE

Project Coordinator

Talrop (intern from May 2025, coordinator from Sep 2025)

- Turned client requirements into BRDs, user stories and project plans for dev teams.
- Planned and ran sprints in Taiga across design, frontend, backend and QA, using Agile and Waterfall.
- Ran stakeholder meetings and progress reporting across five projects at once.

key projects.

AT TALROP

Whoyer	Creators platform. Managed releases, bug tracking and testing across web and mobile for the first version.
Talrop Website	Corporate website redesign. Coordinated UI/UX, development and approvals to a timely launch.
Previa	Venture launch platform. Supported rollout and took campaign completion from 0 to 50% within 2 weeks.
Rozevo	Travel platform. Structured service workflows and customer journeys across 3 development sprints.
Arkboss	ERP platform. Tracked feature delivery across development teams over multiple sprints.
